America At The Point Of No Return!

"Proclaim ye this among the Gentiles; Prepare war, wake up the mighty men, let all the men of war draw near; let them come up: Beat your plowshares into swords, and your pruninghooks into spears: let the weak say, I am strong. Assemble yourselves, and come, all ye heathen, and gather yourselves together round about: thither cause thy mighty ones to come down, O Lord. Let the heathen be wakened, and come up to the valley of Jehoshaphat: for there will I sit to judge all the heathen round about. Put ye in the sickle, for the harvest is ripe: come, get you down; for the press is full, the fats overflow; for their wickedness is great. Multitudes, multitudes in the valley of decision: for the day of the Lord is near in the valley of decision. The sun and the moon shall be darkened, and the stars shall withdraw their shining."

Joel 3:9-15

"For nation shall rise against nation, and kingdom against kingdom: and there shall be famines, and pestilences, and earthquakes in divers places. All these are the beginning of sorrows."

Matthew 24:7-8

"From whence come wars and fightings among you? Come they not hence, even of your lusts that war in your members? Ye lust, and have not: ye kill, and desire to have, and cannot obtain: ye fight and war, yet ye have not, because ye ask not. Ye ask, and receive not, because ye ask amiss, that ye may consume it upon your lusts."

James 4:1-3

In this issue of the Last Trumpet Newsletter, we will look at the current

distress of nations in the true light of the Word of God, which will help us to spiritually discern this global perplexity. The simple truth that will help us to understand why so many horrifying things are happening in our world is that Satan is a very real being, and that he and all of his subordinate evil spirits know that they have only a short time before they are destroyed. As we move through the realm of time, and the little future that we have left quickly moves through the present and becomes the past, there seems to be an acceleration of the fulfillment of Bible prophecies. Evil has risen up everywhere to shocking levels! Hell has been raised! Character and decency have faded from a society that has been given over to a Luciferian way of thinking and has gone through an orientation to become human resources for the rising beast government!

The extreme sin of this world and particularly of this nation of the United States of America is what is bringing on the horrors of World War III. While many ministries are taking the side of President Bush and endorse war as some kind of a "holy Christian war", the truth is that it is an illuministic war designed to bring forth a new world order and a new aquarian age of witchcraft. The sad fact is that our degenerate society has been conditioned to receive it. Sin is the real problem, and the answer is true repentance and obedience to our Lord and Saviour, Jesus Christ. Nothing else will ever solve anything! There needs to be a true crying out to the Almighty and a true repentance and forsaking of evil, but we are not seeing that happening. Any nation that has become so morally bankrupt and no longer feels the slightest shame or remorse for sin has reached a point of no return. The judgements of devastation, pestilence, and fearful sights await such a nation as this as Satan's children fulfill the works of their father.

The Horrors Of An Illuministic War!

On March 17, 2003, President Bush made an oration to the world that the nation of Iraq was to be conquered and occupied, and he gave a 48-hour ultimatum to the leader of that country. I wonder how many people realize that what is about to happen could be the beginning of World War III. Much of the world is festering, and our entire globe is in dangers of unthinkable proportions. Nations are rapidly building nuclear weapons, and the hissing of the serpent and cursings are being heard around the world. There has never been a time exactly like this one when it seems that all hell is about to break loose.

By the time you receive this newsletter, we will probably already be at war. As a former astrologer and witch saved by the grace of God, I must say that I have watched with amazement as this current war was designed after occult patterns. Many have wondered why the President waited as long as he did, and the answer is occult timing. Our President is still a member of the satanic order of the Skull and Bones and is an illuminist under orders from the Illuminati. Occultism and astrology are what makes their system work. It is their religion! In the realm of the occult, there is a very powerful bridge of time that witches believe is woven into the tapestry of the astral plane. It begins on the Ides of March or March 15 and continues to the witches' quarter sabbat of the vernal equinox or the first day of spring. In the old Roman Julian calendar, which is favored by witches, the middle day of a month was called the "Ides." The ninth days before and after that middle day were called the "nones." This formed 18 days or three 6's of power for spell casting and other occult activity. Since March was the first month in the Julian calendar, and that month was named after "Mars", the god of war, it was considered to be the perfect time to start a war. March 15 was believed to bring forth an energy from the war-god, which would be at its strongest six days later on the witches' sabbat when the planet Mars moved into Aries, the first sign of the zodiac. Aries was the Greek name for Mars, the "war god." It is also interesting to note that President Bush made his ultimatum speech on Monday, the day that is named after the moon, beginning at 8:00 P.M. Eastern Standard Time, and that in Iraq it was 4:00 A.M. and a full moon had risen 33 degrees into the sky as our troops listened (1) in the hazy light of that occult influence. Could all of this be coincidence? We also know that the 48-hour ultimatum given to Saddam Hussein expires exactly at the time of the witches' sabbat. Is it then that they will cry "Havoc" and let slip the dogs of war?

This war has been planned for many years, and President Bush made it a primary subject of his State of the Union message, which lasted exactly 66.6 minutes. I have prayed for peace, and I have prayed for the President, but I also know that God's will is to be done, and that this world will be judged severely for its sin and iniquity. No one is right when everyone is wrong! This is a spiritual war with human beings caught up in it who are being exploited by the powers of darkness! Our President is about to give orders that will kill untold numbers of civilians and will no doubt trigger horrifying attacks in the United States. God

help us! In Iraq, 50% of the entire population is age 15 or under. (2) New weapons have been developed to be used against this small nation, such as cruise missiles that carry high-powered microwave systems that zap areas with 2 billion watts of power in a single bolt. (3) The United States has also produced and tested a new bomb called "massive ordnance air blast" or MOAB. (4) This bomb obliterates everything within 1,000 yards and flattens people, tents, light buildings, and vehicles up to one mile away. Up to 1.7 miles away, the bomb's shock waves kill people, and it causes deafness in everyone up to two miles away. (5)

Is it true that Iraq has an evil government? Yes, but is not the United States saturated with sin and evil? We are told that Iraq has chemical and germ warfare weapons of mass destruction, yet we know it was U. S. Defence Secretary Donald Rumsfeld who went to Baghdad in December, 1983, and arranged for billions of dollars in loans and supplied them with chemical and biological weapons as well as cluster bombs all to be used against Iran! (6) Thus, when Mr. Rumsfeld says, "We know Iraq has weapons of mass destruction", he ought to know, because he sold them to Saddam even after being warned by the CIA that "Saddam Hussein is a very nasty character." (7) These U.S. made weapons were used everyday against the Iranians during the Reagan administration. (8)

Once Iraq is destroyed, President Bush has big plans for that country. The rebuilding of the infrastructure has already been planned, and huge contracts are going to be awarded to select American companies, such as Fluor Daniel, Kellogg Brown & Root, Perini, Parsons, the Louis Berger Group, and Bechtel. (9) This has all been pre-determined. In the President's speech on March 17, he urged the Iraqis to not set fire to oil wells. Making such a special point of this seemed inappropriate considering the oil connections in the Bush family. I also find it interesting that President Bush has ordered that Saddam Hussein and his two sons be shot and killed on sight. This was published by the New York Post on February 24, 2003. (10) The New York Post also reported that the United Nations has plans to set up a new government in Iraq and to run the country. (11)

As I write all of this, I do realize that there are many well-meaning people who have been led to think that President Bush is a Christian. In some people's minds, this war with Iraq is a sort of "holy war" between

Islam and Christianity. President Bush wants the support and zeal of the "Christian" right wing, but why do we not hear him publicly call upon the name of Jesus Christ? One of his aides was asked that very question in Nashville, Tennessee, recently. The answer was, "President Bush rarely invokes Jesus' name and that's on purpose; we don't want to single out any religion. He has referred to 'God' in more speeches about Muslims than about Christians." (12) This was at a prayer breakfast in Nashville where President Bush didn't mention Jesus at all! (13) We must also ask how a man who claims to be a Christian, such as George W. Bush does could go to the Islamic Center of Washington on the Muslim "holy day" of Eid al-Fitr and say the following words: "Islam traces its origins back to God's call on Abraham. And Ramadan commemorates the revelation of God's word in the Holy Koran to the prophet Mohammad--a word that is read and recited with special attention and reverence by Muslims during this season." (14)

President Bush clearly stated that the "Holy Koran" is God's Word that came by revelation, and that Mohammad is his prophet. Is this what true Christians believe? He also said that God's call to Abraham was Islamic! The President can get away with this, because most of what is called "Christianity" doesn't have the foggiest notion of what a true Christian is. These are the last days before the return of our Lord and Saviour, Jesus Christ, and all will be judged according to His Word!

An Illuminized And Enslaved America!

Truly, I can say that if I did not have my Lord and Saviour to lead me and the Holy Ghost to comfort me, I could not bear even the thought of what has become of our beloved country. The masterminds of the Illuminati conspiracy under the direction of Satan have planned their work and worked their plan to enslave the people of the United States by a clever and crafty plot called terrorism. The propaganda machine has skillfully convinced people that safety is better than liberty, and that you cannot have both. Since September 11, 2001, we have rapidly become an enslaved unit of a new world order. Everyone is suspect and must be watched, categorized, and scrutinized by the high-tech surveillance systems of the beast. It has never been like this before. The people of the United States are enclosed in a panopticon, where they are continually watched but do not know or understand who is watching them. We must remember that the symbol of the Illuminati has always been the Egyptian eye of Horus above a truncated pyramid.

This is known as the all-seeing eye or Utchat. I was not overly shocked when I learned that late last year, the Pentagon asked for ten billion dollars per year for an anti-terror fund and then created a new department using the symbol of the Utchat or eye of Satan. (15) The new department is called the Information Awareness Office. Within that office is the Defense Advanced Research Projects Agency or DARPA. The symbol of the agency is the satanic eye in a triangle above a truncated pyramid with the "great light" of Satan behind it while it gazes upon the United States with a glassy stare. (16) We must understand that this agency is set up to use the military power of the Pentagon, which is a five-sided death house based on Pathagoran occult geometry, to watch you!

As more and more freedoms are taken away from the people of America, the news media must be constantly supplied with fearful threats, and the population must live under a color code to indicate the level of terrorism threats in our land. The level has just been raised again to the high level of orange. Police in our nation's capital are on patrol with high-powered military weapons ready for full combat. (17) In New York City, I used to talk with police officers, who carried only a side arm. Now the officers carry a variety of high-powered weapons and wear helmets, and the streets of cities everywhere look like war zones. (18) What is next? Where do we go from here?

A new plan for screening travelers is currently being tested by Delta Airlines at undisclosed airports and will be in place at all airports and with all airlines by the end of this year. It is a computerized system that attaches a color to every person to indicate their status regarding terror risk. If there is a green mark next to your name, you are considered to be "safe." If there is a yellow mark, you are subject to extensive search and screening. If you have a red mark, you cannot travel. (19) People are truly being marked. In addition to that, the previously mentioned Pentagon agency known as DARPA is introducing a system that will identify a person's name with his or her body odor. Scientists have found that every person has a unique genetic body odor found particularly in their urine, and that there are no two people alike. Thus, if DARPA implements this plan, every American will have their name verified by their urine in a vast data base. (20)

I have also learned that former Wisconsin Governor Tommy Thompson, who is the Secretary of Health and Human Services, has what he calls a

"New war room." (21) Thompson said that his new war room is the most modern in the Federal Government. This new 3.5 million dollar war room allows him to talk with anyone in the world anytime and can facilitate 10-way conversations. At the click of a button, he says he can conjure up a billboard sized computer map that flashes data for every U. S. neighborhood, including all hospitals. (22)

One thing we can be sure of is that no matter what happens in this troubled world, and no matter how oppressive it becomes, we have the presence of the Almighty with us as true Christians. Our faith that we have is a gift from Him, and when this faith is increased, we know and believe that miracles will come forth. The promises of Almighty God are sure, and we must embrace those promises until the sounding of His last trumpet.

Blood, Fire, And Pillars Of Smoke!

In Joel 2:30-31 we are told, "And I will shew wonders in the heavens and in the earth, blood, and fire, and pillars of smoke. The sun shall be turned into darkness, and the moon into blood, before the great and the terrible day of the Lord come." Signs of the times are everywhere and are too numerous to be ignored! On February 21, 2003, New York City was startled when a huge explosion on Staten Island at Port Mobil sent a gigantic fireball and a vast column of thick black smoke high into the air. The explosion was described as a deafening boom that rattled windows 40 miles away. People could also feel the air being sucked away as the four million gallons of gasoline ignited. (23) A city already unnerved by terror threats, the city of New York seems to be a spiritual target and in line for much more trouble. New York City seems to be a city of blood, fire, and pillars of smoke. In Revelation 18:15-18 we read, "The merchants of these things, which were made rich by her, shall stand afar off for the fear of her torment, weeping and wailing. And saying Alas, alas that great city, that was clothed in fine linen, and purple and scarlet, and decked with gold, and precious stones, and pearls! For in one hour so great riches is come to naught. And every shipmaster, and all the company in ships, and sailors, and as many as trade by sea, stood afar off. And cried when they saw the smoke of her burning, saying, What city is like unto this great city!"

As we consider the words of those verses, one thing stands out for our consideration. There is a "standing off" or standing at a distance from

the city by those that trade with it. We also see from verse 15 that the reason for the standing off or at a distance is for fear of her torment. Fear or terror of a terrorized city experiencing judgement of blood, fire, and pillars of smoke would cause people to distance themselves for fear of her torment.

On the same day that the massive fireball shook New York City, another fiery disaster took place in West Warwick, Rhode Island. A heavy metal rock concert was beginning with the band known as "Great White" performing. As a planned display of three prongs of fire shot up behind the band, the audience began to cheer and shout while a thicket of raised hands formed the satanic salute known as el cernunno, which is made by the fingers forming two horns. President Bush has been seen doing this many times. This hand sign is made to show allegiance to Satan. Suddenly, the fire display malfunctioned and fire raced through the entire building. The skin and flesh began melting on the people, their hair was burning, and their clothing was on fire. With all of the screaming and burning, it was like a microcosm of hell itself. When it was over, 96 people had burned to death, and 190 were injured and badly burned. (24) Strangely enough, the original name of the band "Great White" was "Dante Fox." (25) This certainly was an inferno of judgement and should be a warning to this sick and satanic society that God is not mocked, and that this kind of music, whether performed in a night club or in a church, is from the pits of hell!

In yet another fire, we see the very hand of Almighty God. A film crew working near the Glenfinnan Viaduct in Northwest Scotland was working on the third Harry Potter movie known as the Prisoner Of Azkaban. Suddenly a fire broke out and burned 100 acres forcing evacuation of the area and stopping the filming of the movie. The film makers did not know when they would resume making the picture. (26) When will people realize that the Eternal God of Heaven is trying to tell them something? In fact, in the case of the Rhode Island fire, everything in that ungodly night club was burned to a cinder including many human bodies. Only one small section of a wall remained, and it was painted with a 6-foot head of Ozzy Osbourne with his eyes looking over the vast destruction. (27)

A Nation That Refuses To Repent!

I am continually amazed at all the signs and warnings that are being

given by a God so willing to save, and yet there is such an unwillingness of people to repent. In Revelation 9:20-21, we see a clear warning that this would be the case, and it is so true of the people of our day. It reads as follows: "And the rest of the men which were not killed by these plagues yet repented not of the works of their hands, that they should not worship devils, and idols of gold, and silver, and brass, and stone, and of wood: which neither can see, nor hear, nor walk: Neither repented they of their murders, nor of their sorceries, nor of their fornication, nor of their thefts."

How bad does it have to get before people repent and cry out to the Almighty for deliverance and salvation? The sad fact is that most never will. Our government and the society that it has molded and shaped after the image of the beast is absolutely spiritually filthy. In our nation's largest city, the city of New York, the lesbian and gay "Big Apple Corps" had a special St. Patrick's parade, and Mayor Bloomberg was all smiles as he marched with them. (28) Sodom is on parade, and we know what happened to Sodom in the Bible! To further insult the God of heaven, the State of New York is about to pass a law requiring all hotels and motels to provide condoms in every room. The New York Post article begins by saying, "Condoms will soon join Bibles as a regular feature in thousands of New York hotels, motels, and inns..." (29)

There is such a spiritual heaviness in the hearts of true Christians as we see appetites for filth and evil among the people of our nation and the world. The entertainment industry is constantly bringing abominations to willing victims, who fill the movie theaters and bring condemnation into their homes by means of television. Children are different than they used to be, and even many of the elderly shamefully lack character and have become products of liberal and satanic conditioning. In February, the music charts were topped by an R&B singer named R. Kelly, who is out on bail for 21 counts of statutory rape and child pornography. Motown Records President Kedar Massenburg said that Kelly is more popular since his arrest.

In the film world, seven Oscar nominations were given to Roman Polanski, who is a fugitive bail jumper and convicted felon, who pleaded guilty to raping a 13-year-old girl. (30) It seems that sin is popular and awards are given to the worst of the worst. I can say with great longing and anticipation that I am looking forward to the coming of our

Saviour, who will bring every work into judgement.

Signs To Watch For!

In Matthew, chapter 24, we are given signs to watch for as the end of the world draws near. We are told that nation would rise against nation and that there would be wars and rumors of wars. This condition is certainly upon us. We are also told to watch for famines, pestilences, and earthquakes in divers or various places. This nation is still facing a drought, especially in the areas where wheat is produced. The U.S. Department of Agriculture recently reported that wheat production has dropped to its lowest level in 33 years. (31) We should continually take note of how many times the numbers 33, 13, 18, 39, and especially 11, keep popping up regarding notable events in these last days. This is a sure sign that God is judging the works of sinful people after the pattern of their own devices. In Beverly Hills, California, one of the most spiritually filthy areas in our country and home of the decadent movie stars, a new fungus is killing palm trees on 13 streets, and nothing can be done to save the previously postcard perfect trees. (32)

We are to be watching for pestilences, and we are seeing new strains of bacteria and viruses rising up as well as mystery diseases like the odd form of pneumonia, which is now being found in various parts of the world and is deadly. Thus far, all attempts to identify this germ have failed, and it has been spreading at an alarming rate. (33) The news of this new disease began to break while President Bush was in the Azore Islands forming a triumvirate of power with England and Spain during secret meetings.

It has also been noted by the U.S. Geological Survey that seismic activity has been increasing. On Sunday, February 2, 2003, which is the witches' sabbat of Imbolc, 22 small earthquakes struck northern California. (34) Since the beginning of this year of 2003, earthquakes have been happening with greater frequency in various places, just as it tells us in Matthew 24. I have been keeping track of the earthquakes, and though many people do not pay much attention to the rumbling of our earth, we have had a powerful earthquake somewhere in the world every week of this year. (35) Every detail of Scripture is being fulfilled, and very soon we will see amazing things happening, and every day will bring forth shocking events.

I must say that my heart is very heavy as I see this forthcoming war. The space shuttle disaster was a warning as a sign in the heavens. The fiery events on earth are also signs, and I pray that the sleeping remnant will now come fully awake and do a work for the Saviour, while there is still a little time. We must be watching and praying. Recently, a Black Hawk military helicopter crashed during a Fort Drum training mission in upstate New York. It happened on the 11th day of this month, and 11 of the 13 on board were killed. (36) This date and these numbers are not coincidental but rather are indicators that we must repent and be ready for the coming of the Saviour. In Revelation 16:14-16, we see that spirits of devils will bring every nation into a final war, and that the final battle of that war is the battle of Armageddon. We also see that our Lord will come just before that last battle to receive us unto Himself. May Almighty God in His mercy help us to be ready, for the time is at hand.

In closing, I urge you to get into the depth of prayer, and you will know the power of God. We welcome your prayer requests and give each one individual attention. Thanks to all of you who support this end-time ministry with prayers, news items, and donations. All is so very much appreciated. Grace and Peace be unto you in the name of the Lord Jesus Christ.

David J. Meyer
